Gannett Education, formerly known as Nursing Spectrum Division of Continuing Education, is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

In addition, Gannett Education is honored by the American Nurses Credentialing Center with Premier Status and is the only for-profit entity to ever receive the Accreditation Premier Program Award.

Gannett Education is also accredited by the Florida Board of Nursing (provider no. FBN 50-1489) and the California Board of Registered Nursing (provider no. CEP 13213).

60010 "NY Mandated Infection Control for Healthcare Professionals" is approved by the New York State Education Department to satisfy the requirement for professional licensure for registered nurses, licensed practical nurses, dentists, podiatrists, optometrists, dental hygienists, physicians, and physician assistants/special assistants (provider # IC 125).

60012 "Identifying & Reporting Child Abuse & Maltreatment in NY" is approved by the New York State Education Department to satisfy the requirement for professional licensure for registered nurses, physicians(including psychiatrists), dentists, podiatrists, optometrists, dental hygienists, chiropractors, psychologists, teachers, pupil personnel services professionals, school administrators and supervisors, and school district administrators, licensed clinical social workers and licensed master social workers, mental health counselors, marriage and family therapists, creative arts therapists, and psychoanalysts (provider # 10580).

60019 "Kentucky HIV/AIDS Requirement for Healthcare Professionals" is approved by the Kentucky Cabinet for Health and Family Services to satisfy the requirement for professional licensure for any of the professional groups impacted by KRS 214.610/615 (CHFS approval # 0311-1511-M).

Gannett Education's continuing education (CE) contact hours are generally accepted by most professional nursing organizations and state boards of nursing. Gannett Education has made substantial efforts to obtain appropriate providerships for CE offerings. However, Gannett Education does not warrant that all professional organizations or licensing authorities will accept its CE contact hours. If in doubt, nurses are advised to contact their professional organizations or licensing authorities to confirm their acceptance of these contact hours.
